 E-mail address: \_\_\_\_\_  
 Date of measure: \_\_\_\_\_  
 Date of function: \_\_\_\_\_

## Self Measurement Form

KEY: ○ Jacket measurements    ○ Kilt measurements    ○ General measurements

**Do not add anything to any dimensions**

### Around Chest/Bust

①  Measure at fullest point under arms making sure the tape is well up at the back over the shoulderblades

### Around Waist

②  (natural waist)

### Crown to Cuff (Sleeve length)

③  Ideally measured with a jacket on for accuracy with arms down by your side

### Waist

④  Start your measuring over shirt only, 1.5 to 2 inches above the hip bone (about 1 inch below rib cage) snugly around your waist

### Length

⑤  Start measuring 1.5 to 2 inches above your hip bone to the top or middle of your knee (whichever ever you prefer length wise)

### Seat

⑥  Measure round your seat at the heaviest part, add 4 fingers inside the tape to avoid getting this measurement too tight as the seat should be an easy measurement. (no wallets etc. in pockets)

### Height

A  This measurement is important since it is a second check for us.

### Collar (Shirt)

B

### Shoe Size

C

### Suit Size

D  Very important: What suit size would you buy? (eg. 42" Short, Regular or Long fitting)
